HOT TIMES IN WILLIAMS

Things doing in Williams recently. County attorney Gold, undersheriff S. O. Thompson, Dr. Felix Manning, county health officer, and interpreter Ed Priest sent last Saturday there helping straighten out various tangles.

Escalera Gurule, a young girl, accused two men of rape. They are in the county jail to be tried.

Three navies, two of whom are said to be deserters from the battleship Pennsylvania, tried to sell a Ford car. It was learned that it had been stolen in California. They are in county jail waiting for government officer.

A woman, arrested by under-sheriff Thompson and deputy C. Y. Campbell, is charged with stealing several watches from the Babbitt-Polson store. She is out on bond.

CHARLES A. BRANT REMEMBERED MANY FRIENDS IN HIS WILL

The estate of Charles A. Brant, late manager of the El Tovar hotel, which was drawn up just before his death by C. B. Wilson of this city, amounts to approximately \$163,000, listed as follows: Interest in estate of Olga Z. F. Brant (his wife) approximately \$43,000; cash, \$17,475.66; bonds, par value, \$73,300; stock in Black Diamond Coal Co., estimated value, \$5,000; promissory notes, \$24,739.34.

To each of Mrs. Brant's sisters and brothers, eight in number, \$1,000 is bequeathed.

A. G. Wells of Chicago and Ford F. Harvey, of Kansas City, are each to have one of his several oil paintings.

To Messrs. Hervey and Wells the residue of the estate is left in trust "to be disposed of for the following purposes and to the persons herein-after named:

"First. I desire adequate provision for the good care, during his life, of my Airdale dog, Razzle-Dazzle.

"Second. I direct that all the rest of my property shall be distributed among the persons hereinafter named in such amounts, in such manner and at such time, or times, as my trustee shall determine, no significance to be attached to the order in which the following names are listed:

Rose Bergan, Carlos Cram, Ysabelita Cram Marquard, Henrietta Colton, Panito del Valle, Rosa del Valle, Elias Forster and Chen, his wife, John Forster, Ygnacio Forster, Virginia Gaylord, Paul Gooden, Ellen Heinze, Lillian Catti, Charles Joyce, Edwin Joyce, Billy Joynt, Mrs. Jennie F. Rowland, two children of Charles E. Van Loan, two children of C. B. Wilson.

Requests of paintings and personal effects are made to: D. Benjamin, H. L. Benjamin, Samuel G. Blythe, Henry J. Bohn, B. S. Harvey, J. T. Jacobson, F. H. Jacoby, Wilbur R. Keasley, Dr. R. O. Raymond, George H. Reed, E. J. Sullivan.

No less than 30,000 persons are reported missing in London each year.

PLAN NEW BANK FOR WILLIAMS

Articles of incorporation of the Grand Canyon bank, filed with the corporation commission last week gave an indication of the belief of prominent northern Arizona men in the future of Arizona.

The incorporators are G. H. Spellmire, Edward D. Spellmire, Lovell Spellmire and David Babbitt, the latter of Flagstaff, and the principal place of business of the bank will be in Williams.

According to the articles of incorporation the capital of the company is \$50,000, divided into 500 shares at the par value of \$100 each. Two hundred and fifty shares of the capital stock shall be subscribed for, the par being \$25,000 paid in before the corporation does any business other than organization.

SOME STATE NEWS TOLD IN TABLOID FORM

Emma Lewis, who said she had been nursing at Tempe, shot herself through the breast with a revolver in her hotel room in Phoenix, because she had yielded to a friend's advice that she bob her hair. The result, she said, was such a disfigurement that she could not bear to face anyone.

The Arizona Wool Growers will hold their mid-winter meeting at the Adams hotel, Phoenix, on January 26. Hugh E. Campbell of Flagstaff, president, is now in Salt Lake City at the convention of the National Wool Growers association, then goes to Colorado Springs for the American Live Stock association meeting.

Tomas Roman, Tempe murderer, and Ricardo Lauterio, who murdered his sweetheart near Phoenix a year ago last November, will be hung at the state penitentiary at Florence this morning.

The state democratic meeting at Phoenix Monday was signalized by the return of colonel Greenway to the party; by resolution providing for the nomination of democratic candidates in conventions preceding the primaries; by saying nothing about former governor Hunt; by much wind-jamming; by sheriff Mahoney of Mohave county promising that 90 per cent of the people there will vote democratic next time; by censuring the state administration for waste, and censuring all other republican administrations for something or other, and by attendance of Pat Moran, John Hennessy and George Harben of Flagstaff. The precinct voters will meet on May 2 to choose one delegate from every 200 to meet in county conventions on May 7, when they will select one in every 200 as delegates to the state convention.

Nearly \$4,000,000 worth of automobiles were imported into Mexico last year.

MISS SPELLMIRE CAPTIVATED FLAGSTAFF AUDIENCE LAST WEEK

Miss Vivian Spellmire of Williams, made a decided hit in her interpretative dancing at the Orpheum as part of the Woman's club program last week. This sweet-faced, graceful young woman took the audience by storm in each of her several numbers and was encored repeatedly. Those fortunate enough to see Miss Spellmire predict for her a brilliant future.

OUR POSTOFFICE BUSINESS LAST YEAR INCREASED

(Continued from Page One.)

based on this figure, the receipts of the Flagstaff post office would indicate a population of better than 8,000. Few offices, particularly in Arizona, showed an increase in sales in 1921 over the previous year and as it is generally conceded that the postal receipts of your local office is the best barometer of business conditions, it is apparent that Flagstaff has not suffered to the same extent that other towns have. The business during 1921 would have shown a much greater increase except for a slump, hard to understand, in the quarter ending June 30, when the business fell a thousand dollars or more below the corresponding quarter of 1920. The last half of the year, however, much more than overcame this shortage in the second quarter.

Money Order Business
Money orders issued during the year 1918.....\$117,795.37
Money orders issued during the year 1919.....130,253.26
Money orders issued during the year 1920.....147,940.76
Money orders issued during the year 1921.....114,969.95
Thus it will be seen that the peak was reached in 1920; the decrease of approximately \$33,000.00 in money order business, between 1920 and 1921, is not believed to be entirely due to local financial conditions, as there is an apparent decrease in the amount of money being sent to mail order houses.

WOULDN'T MIND THAT

An Italian who kept a fruit stand was much annoyed by possible customers who made a practice of handling the fruit and pinching it, thereby leaving it softened and often spoiled. Exasperated beyond endurance he finally put up a sign which read: If you must pincha da fruit—pincha da cocanut!

SCHOOL NOTES

The Emerson boys basketball team will meet the Winslow high school team at Winslow tomorrow night. This is the first scheduled game of the season for the boys of Emerson and not many games will be scheduled this season owing to lack of proper facilities for practice. Through the courtesy of Battery "D" boys and the Normal school our girls' and boys' teams have been afforded opportunity for occasional practice, but this does not give them an equal chance to win when they have to oppose teams which have the use of a gymnasium for regular practice. However, the teams are not discouraged, but are going to give a good account of themselves in the name of good sportsmanship, and will participate in all athletic activities for the purpose of encouraging the building up of stronger teams in the future. Mr. McVey, the athletic coach, will select the team which is to go to Winslow from the following group of boys: Ernest Yost, Wilbur Frey, Melvin McCormick, Glenn Longley, Albert Michelbach, Vincent Curtis, Henry Lester, Frank Conrad, Silas VanZee and Bob McWilliams.

The eighth grade held a debate Monday. The question, which was brought up in the arithmetic class, was: "Resolved; that it is better to pay cash than to run a charge account." The pupils who represented the affirmative were: Marcia Slipher, Edith Foster and Wade McFate; negative: Fred Montoya and Merwin Schwarz. The class was very much pleased to have Mrs. Kennedy and Mr. Thomas for judges. The decision was a draw.

Probably one of the best games of the season for girls' basketball was played on the Normal school floor January 4, between the Holbrook and Emerson teams. The game was an unusually clean one, no personal fouls being called during the entire thirty minutes and only four technicals.

The Emerson guards, McGookin and Dunn, did especially good work in their defensive line, holding the score down to 8 to 6 in favor of Holbrook the first half. The Holbrook forwards were especially quick in their passes, but weak in their goal-shooting.

The second half all the girls had their breath again and the score was evened first in favor of one side and then the other. The level-headedness of the Emerson center, Allsapp, and the quick thinking and sure placing of the ball by the side center, Hart, finally resulted in landing the ball in the Emerson forward's court. The sure shots of Noble in the first half were supplemented by the unflinching aim of Gum and the two forwards dropped the ball in the basket seven times during the last half besides two sure chances during free throws.

Thus the final score was 16-22 in Emerson's favor. The junior high team has made splendid progress in its passing and teamwork, but a good deal of the joy and fun of the game was due to the splendid sportsmanship of the Holbrook girls.

A paste of shellac and graphite will stop leaks at pet cocks or spark plugs.

TOM L. REES,
Clerk of the Superior Court.
Jan. 13-4t.

FLAGSTAFF CHAMBER OF COMMERCE ASKS FOREST SERVICE AID TO BUILD OAK CREEK ROAD TO CONNECT SOUTH

The executive committee of the Flagstaff Chamber of Commerce—T. A. Stahl, president; Dr. M. G. Fronke, John Verkamp, Joe P. Wilson, Ed Babbitt, Rev. Fr. C. Vabre, C. B. Wilson, Francis A. Chisholm, B. A. Cameron, George T. Herrington, W. H. Switzer, and C. P. Heisser—last Friday adopted the following resolution, which is self-explanatory. County engineer J. B. Wright and president Stahl will present the resolution next week at the district forest office at Albuquerque, and copies have been sent to our congressmen and others interested in an influential way.

The following resolution is respectfully submitted by the Flagstaff Chamber of Commerce:

Whereas, the Town of Flagstaff is the center of great timber and grazing industries of Northern Arizona, and is connected with good roads east and west to the Towns of Winslow and Williams, and is the County seat of Coconino County, Arizona, which County embraces within its boundaries two-fifths of the forested land of the state of Arizona, and

Whereas, the greater part of Coconino County is occupied by public land, Forest Reserves, National Parks, and Indian Reservations, leaving but little patented agricultural or grazing lands to be taxed for the purpose of raising funds for road construction, and

Whereas, by reason that the routes of present roads traverse high timbered lands, and heavy snows, ice, and mud keeps these roads impassable for several months every winter, isolating the Towns of Flagstaff, Williams and Winslow from travel and trade from all of southern Arizona, and that we have no passable road giving direct connection with the rich and prosperous communities of the Verde Valley, the Towns of Cottonwood, Clarkdale, Jerome, Camp Verde and Prescott, and the good roads leading from these points to all parts of Southern Arizona, and

Whereas, there is no north and south road connecting the northern and southern parts of Arizona that can be kept open for travel the entire year by reason of snow, ice and mud prevalent during the winter months in the high altitudes traversed by the present roads, and

Whereas, the County of Yavapai has constructed an excellent highway from Sedona to Clarkdale, which road connects with an improved system of highways said county is constructing leading to all points of southern Arizona along routes that are open and passable at all times of the year, and

Whereas, The distance from Flagstaff to Sedona is 36 miles, by way of Oak Creek Canyon, only 14 miles of which, that is from Flagstaff to the rim of Oak Creek, lies at a high altitude, which 14 miles of road we believe the County of Coconino will obligate itself to improve and maintain, and keep passable at all times, and

Whereas, There is no other north and south route so feasible for an all the year road as the Oak Creek route, nor any other route that would give this connection between these thickly settled communities and towns with the short distance of 22 miles to construct, nor any route that offers such wonders of scenic beauty, such ideal camping, fishing and hunting grounds, nor any other route or road that would be of such immediate and inestimable benefit to all of Arizona. The Forest Service, the tourist and travel for commercial, business and recreation purposes, and

Whereas, The route of the proposed road runs through the Coconino National Forest, and adjoins only a very small acreage of patented or taxable lands, and the County of Coconino cannot with its limited resources construct this road, unaided, but has made application to the Forest Service for the construction thereof, and has appropriated the sum of \$25,000 from its bond issue fund of 1919 towards the construction of this road,

Therefore: Be it resolved that the Chamber of Commerce of Flagstaff, Arizona, a body representing the commercial and business interests of the community, do endorse and approve the Oak Creek route, and hereby petition the Forest Service and Bureau of Public Roads of the United States to extend their influence and financial co-operation in the construction of this road at the earliest possible date.
